Xhalet Hair Stimulant Ampoules

10 Ampoules

Xhalet® Hair Stimulant Ampoules with luxury serum in a concentrate form to stimulate hair growth and hair regrowth. Xhalet® Hair Stimulant has the advantage of being suitable for both males and females, working on all epidermal layers of the scalp inducing a thicker hair shaft and strength to the hair follicle.

KEY POINTS

- Powerful antioxidant activity.
- Nutrient and keratinising activity.
- Stimulates, protects and strengthens the hair and scalp.

ADVISED TO

- Activate hair re-growth and thickening.
- Strengthen the hair.
- Prevent and stop hair loss.

DIRECTIONS FOR USE

Break the top of the ampoule. Distribute the serum directly on the scalp and massage delicately until completely absorbed.

NORMAL TREATMENT: massage 1 ampoule on the scalp every three days.

INTENSIVE TREATMENT: massage 1 ampoule on the scalp on alternate days.

Xhalet Hair Stimulant Softgels

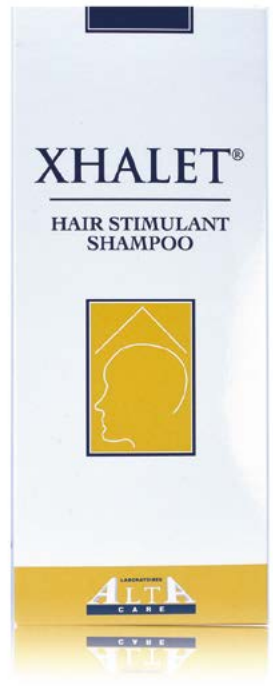

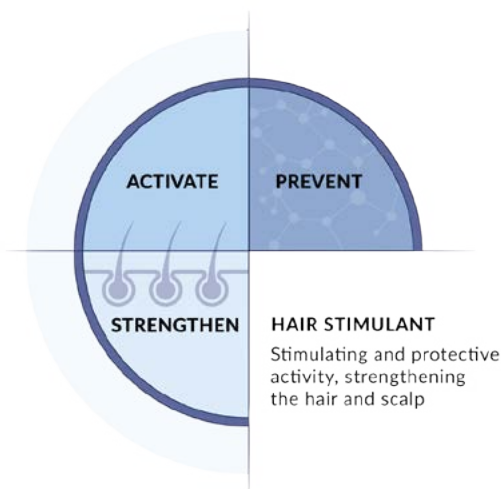

40 / 100 Softgels

Xhalet® Hair Stimulant Softgels are the ideal complement to Xhalet® Shampoo and Xhalet® Ampoules that supply the organism with the necessary elements to improve the beauty and quality of the hair. The hair roots are surrounded by a matrix of capillaries that carry the nourishing elements necessary for the growth. In cases of reduced supply of specific nutrients the hair can lose thickness, consistency and strength, tending to fall or break prematurely.

DIRECTIONS FOR USE

1 to 2 softgels daily with a large glass of water or as directed by your doctor or pharmacist.

Xhalet Hair Stimulant Shampoo

200 ml

Xhalet® Hair Stimulant Shampoo fortifies brittle, limp hair. It enhances hair growth and prevents hair loss. Xhalet® Hair Stimulant Shampoo has a powerful antioxidant, nutrient and keratinising activity. It is recommended for both men and women.

- Promotes the re-growth and prevents hair loss;
- Strengthens the shaft of the hair;
- Improves the oxygen uptake of the hair;
- Removes excess sebum from hair and scalp without irritating the sebaceous glands;
- The hair regains tone, vigour, volume and elasticity.

MAIN ACTIVE INGREDIENTS

Serenoa (Serenoa Repens Small, sin.: Sabal serrulata Mutall ex Schultes), Caviar, Vitis Vinifera, Aminoacids, Omega 3, Zinc Pyrithione.

KEY POINTS

- Inhibits the action of the 5-alpha-reductase enzyme.
- Inhibits the conversion of testosterone into dihydrotestosterone.
- Powerful antioxidant activity.
- Nutrient and keratinising activity.
- Stimulates, protects and strengthens the hair and scalp.

ADVISED TO

- Activate hair re-growth and thickening.
- Strengthen the hair shaft.
- Prevent and stop hair loss.

DIRECTIONS FOR USE

Wet hair. Apply sufficient quantity of shampoo to the roots of hair and scalp and work up a rich lather. Leave on for a few minutes before rinsing.

1

TELOGEN

decreases rate of hair loss

2

CATAGEN

increases rate of hair growth

3

ANAGEN

increases diameter of hair shaft
